

HP 4000 Laser Printer

HP LaserJet 4000 series printers set yet another benchmark, affording you the latest in network printing technology backed by unparalleled quality, reliability and compatibility. HP LaserJet 4000 series printers bring significant technology improvements to workgroup laser printing. From paper handling to print quality, HP has completely redesigned the best-selling HP LaserJet 5 printer based on customer needs. The same features as the HP LaserJet 4000 printer, but with two 250-sheet paper trays instead of one 500-sheet unit -- perfect for stocking different media types, sizes or letterhead without changing trays
